ABOUT US

Cottage Plastic Ltd., founded in 2005, is an Israeli company specialized in the production of high-quality stylish and practical plastic products for food storage, homeware, serveware and kitchenware.

This year, celebrating its 20th anniversary, Cottage Plastic is still committed to its philosophy of creating simplicity through manufacturing carefully crafted products of plastic in a variety of ranges and making them available for the consumers.

With profound experience in the industry behind, Cottage Plastic has increasingly expanded its global presence through its brand name Klic Box[®], entirely designed and developed in Israel.

But we never stop, continuing to explore new production facilities and launching new product lines. In 2024 Cottage Plastic started cooperation with 2 new factories in Vietnam and Cambodia and launched 4 new product lines. We see in this partnership a great milestone that will enable us to introduce even more quality products soon.

At the same time, some things always remain unchanged for us. We are proud to say that through all these years we have stayed committed to our suppliers and customers. The dedication and professionalism of our team have allowed us to build long-term trustworthy relationships with the production facilities and to develop quality products that have found warm recognition worldwide.

WHY COTTAGE PLASTIC?

EXPERIENCE

With more than 30 years of cooperation and supplying chain stores - we provide stability and quality.

EXCLUSIVITY

Our products are designed, developed and produced exclusively for Cottage Plastic LTD.

SOCIAL RESPONSIBILITY

Every time we start cooperation with production, we make sure the factory is fully compliant with all the relevant legislation and undertakes endeavours to positively influence the welfare of its community and environment.

HIGH QUALITY

Our goods are made of virgin high quality recyclable plastic only.

ENVIRONMENT

We produce using only 100% recyclable plastic. Our products are high-quality, durable and multi-use. We calculate container volume and try to maximize it by shipping more items at a time, thus reducing the environmental impact of sea freight.

QUALITY CONTROL

We ensure that all our product quality is maintained during: E-print proof of cartons & labeling, inspection of produced samples, packing, loading, documentation.

REPUTATION

We are proud of long-term relationships with our customers for many years.

LOGISTICS

Thanks to our 30 years of logistics experience we can support and arrange direct shipments all over the world.

PREMIUM VACUUM CONTAINERS

High-quality containers made of BPA free and durable material are perfect for storing various types of food: meat, fruits, vegetables, baked food, sauces, cheese, delicate food and meal preps.

The containers are designed with care for every detail to preserve the freshness and taste of food longer. A high-quality silicone ring and a click-locker with a silicone valve guarantee the container is airtight and leak-proof. You can also use it for heating up food in microwave with just opening a clip at one click.

The silicone ring is fixed in the cover and will not shrink over time of use. Thicker walls ensure the containers are durable and thus will serve longer.

All containers are stackable one onto the other and nestable one inside the other for efficient space-saving storage.

Premium Vacuum – preserving the freshness and tastes for longer.

Air-sealing click-locker to airtight the container and prevent freezer burn, drying out or sogginess

High-quality silicone ring and a click-locker with silicone valve to guarantee the container is kept airtight and leak-proof

Thicker walls ensuring durability

Leak-proof; click-locker guarantees a container is properly closed and at the same time easy-to-open to provide ventilation for food

For microwave heating just open the clip and heat up your food easily and safely!

FOOD CONTAINERS

QUARTET CONTAINERS

Quartet Line comes in both singles and sets of boxes. In a variety of 2 shapes and 5 sizes it gives you good opportunity to organize and store properly. Airtight 4-side locking lid protects your food from pests, moisture. TPR ring and 4 click-locking systems help locking it tightly by adding a little pressure. For the health of you and your family – containers are refrigerator, freezer and microwave safe.

FLASK HEALTHY WATER BOTTLE

Our water bottle is not only perfect for staying hydrated wherever you go, but also made of **TRITAN** and thus a healthier choice both as regards your health and the environment. Choose out of 3 sizes available the one that suits you most or make a couple or family set with matching colors.

We have cared for every detail to make your hydration routine even more enjoyable and healthy:

Each Flask water bottle is lightweight and has a silicon textured body sleeve and a handle to hold it and carry easily without the risk of dropping.

It also fits well with most cup-holders and back pockets.

Feel free to add lemon slices or fruits – Flask water bottle will not take the odour or preserve the taste.

A cap with a safety lock and a cover will stay closed, keeping a sipper clear and protected wherever you toss the bottle and will not leak.

BPA/BPS free, available in transparent color and transparent clear.

Flask – simply a healthy water bottle!

AIRTIGHT FOOD ORGANIZER

Keeping your food organized and fresh is now easier with our range of Airtight food storage containers. The glass-like clarity of the containers makes it simple to identify the contents and choose what you need.

Airtight is not only about an esthetic side of storage, it is also about freshness, functionality and durability. The lids of Airtight containers are made of AS making it especially strong and rigid and thus break-resistant. The lid is also equipped with fixed TPR ring that will keep its shape over the time and ensure the air-seal effect for a longer period of use.

Designed in a variety of sizes, square and rectangular shapes, these containers are a perfect storage solution for various products.

ALL RIGHT WITH
AIRTIGHT
By Klic Box®

Stackable and matching in sizes and height they will help you arrange your storage space in the most efficient way, whether you take a whole set or only a number of containers upon your necessity.

Airtight series is available in a range of colors – so choose the one of your own to contribute to your personal storage solution.

MINI STORAGE BOXES

Mini storage boxes are great for keeping supplies organized, separated & easy to identify. They will help you to organize your children room – you can store pen, clips, rubber bands and other little small things. Stack them or use them side by side to create the storage solution that works for you.

Each Mini Storage Box has clip lock that helps keeping your items secure, and the top handle allows for easy portability. They are lightweight and durable, easy to carry and multi-purpose.

FLIP COVER BINS

You've been searching for affordable stylish trash bin universal to fit in various inner and outer places at home, in the office or even hospital?

Here it is – our new FlipIt series!

Its 2 way opening lid makes it more convenient and easier for you to throw garbage: simply swing – to throw a small item and lift – for bigger waste.

Available in 3 sizes and a variety of colors, with its modern design our FlipIt bins will fit perfectly both in the inner premises and outdoors. You can play with sizes to create your own one-style waste storage and/or waste sorting system: choose a big size for bulky things like paper, glass bottles or plastic packing and smaller ones – for bathroom/bedroom tiny waste.

Made of durable quality materials these bins will serve longer keeping both your home/office and the environment cleaner.

Keeping it clean at home and outside – simple with FlipIt by Klic Box.

KLIC BASKET

Our Klic Baskets are ideal for storing all sorts of home supplies in different places and premises: sort out fruits and vegetables, arrange your craft and hobby supplies, put the towels neatly and tidily in the bathroom or arrange the toys in your child's room. Whatever you need to store in an organized way – our Klic Basket will be there to help.

BPA-free, Klic Baskets are safe to use for food storage. Made of sturdy and flexible plastic, they are durable and resistant to damage or scratch and will serve for a long period of time.

The baskets have hollow handles that allow you to take your supplies from one place to another easily and with comfort.

When not in use, you can simply stack them one into the other for space-saving storage.
