DESIGN INNOVATION PARTNERSHIP DEVELOPMENT

2714 NE 8 th St
Hallandale Beach
Florida

Henledar Company

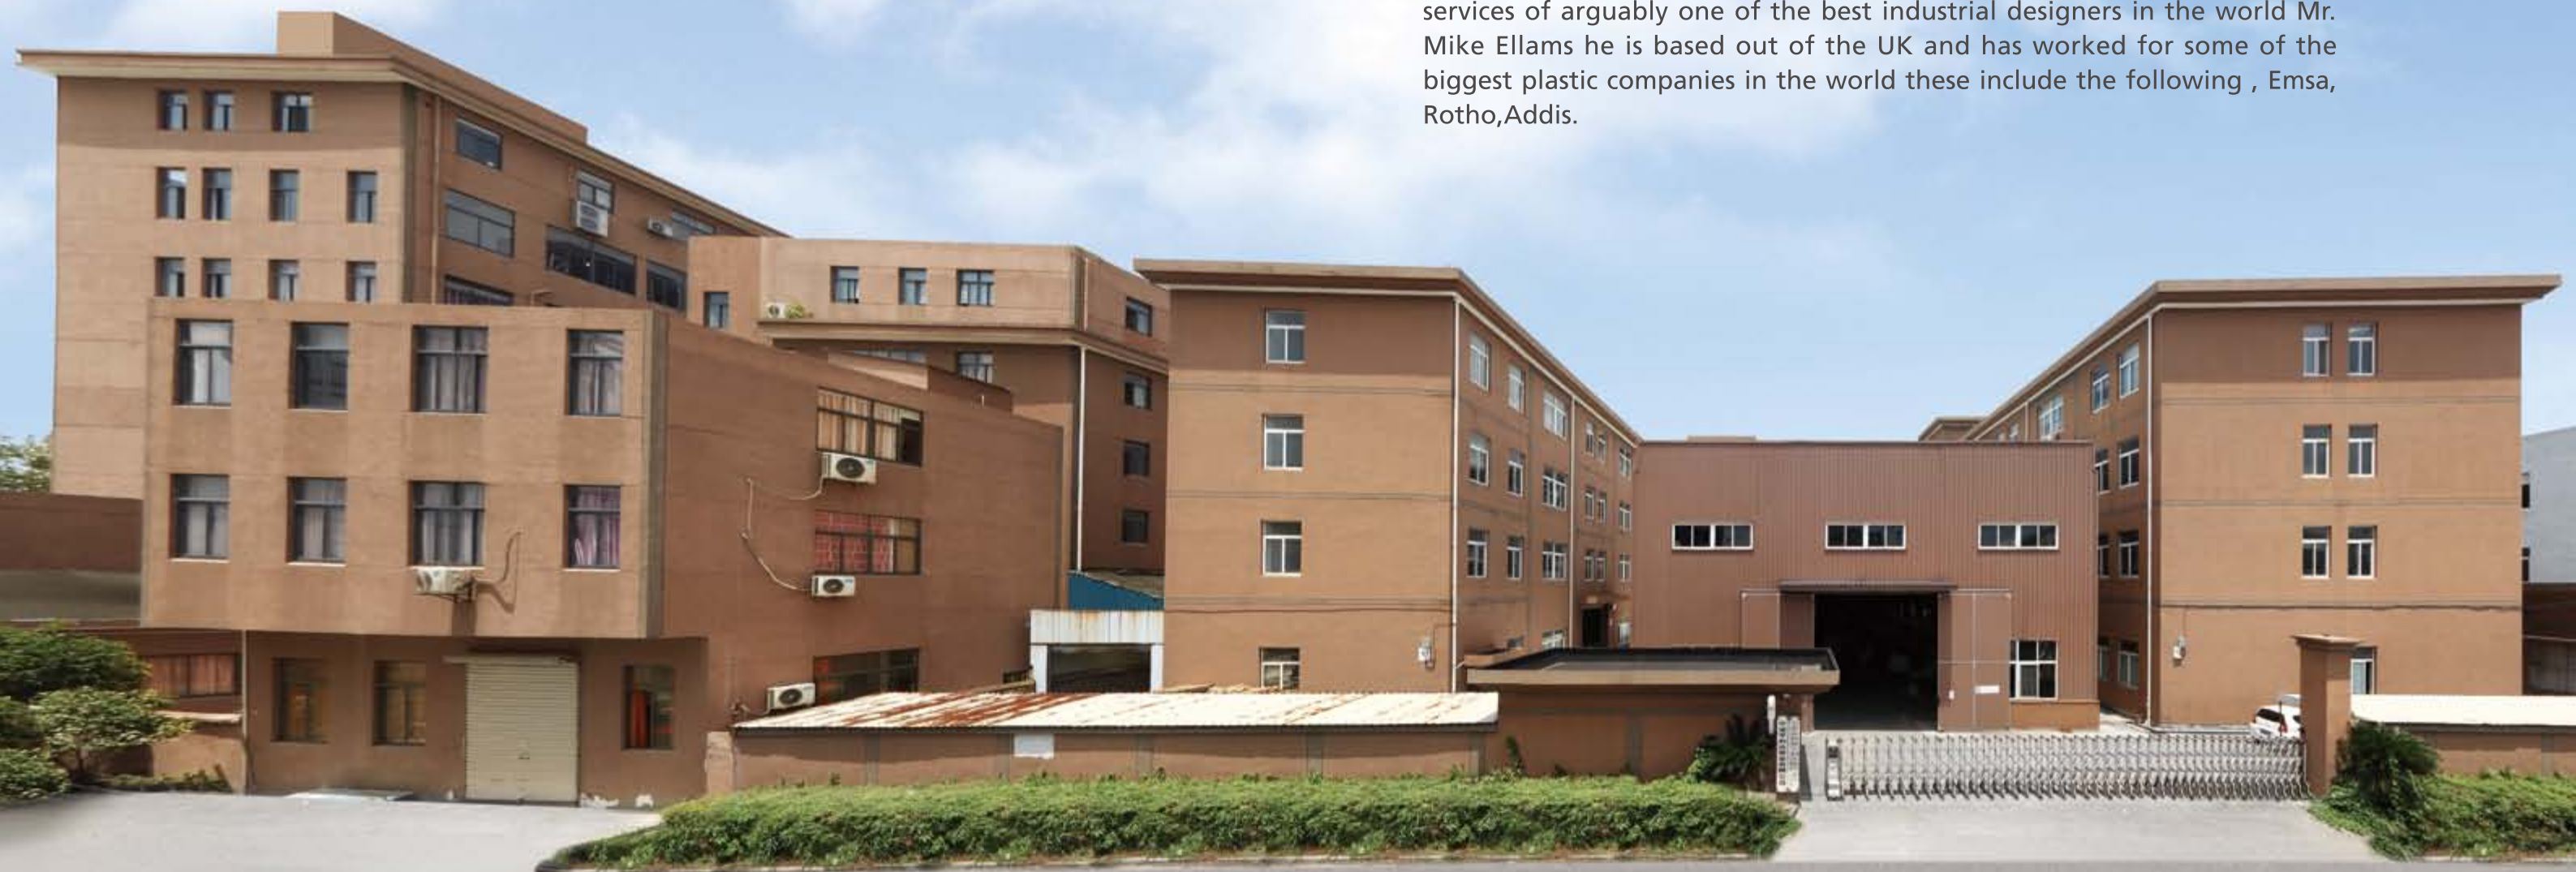

Started with Ramco Trading in Miami 33 years ago...!
we brought them the idea of producing water jugs and Coolers..
Today Direct Concept Group will bring back the

Lareaux line..

Our commitment is to drive high volume sales with quality products. We constantly look at ways of improving our manufacturing processes to ensure that we continue to give our customers the best possible products service and pricing. We are extremely proud of our retail partnerships and we continue to support them through innovation, product development, and sourcing the best materials the world has to offer.

INNOVATION

Henledar will always continue to develop new items, new designs, and drive new innovation to fit the market. We have recently acquired the services of arguably one of the best industrial designers in the world Mr. Mike Ellams he is based out of the UK and has worked for some of the biggest plastic companies in the world these include the following , Emsa, Rotho, Addis.

Future Investment

Our commitment to Investment in new moulds 2017 \$1.5-2 Million USD

Future Technology

Our commitment to Investment in new technology 2017 \$700,000 USD

PRODUCTION

Information in regards to our injection machines and its capacity, if well run the machines for 24 hours, we can produce 1500 pcs of the 52L storage tub per day with 2 injection machines. Due to the increase in demand in orders from overseas for our storage range, we have decided to increase the production ability in our second factory and we can double the production capacity.

CUSTOMER PARTNERSHIP

We are dedicated/committed in holding reserve stock for all key customers in our warehouse. We understand the importance of maintaining stock levels and are also very aware of the sometimes unexpected delays in shipping. Having a back up supply will bring a level of comfort ensuring that supply will never be an issue.
